

D/NFTs

Bringing the world's biggest market to DeFi

1. WHAT IS D/BOND

ERC-3475.

The first bond standard recognised by the Ethereum community

2. NEW CHAPTER

- Before D/Bond, DeFi is a barren, desert planet, uncharted territory
- D/Bond brings the bond market to DeFi, bringing opportunities and hope
- A mysterious, ethereal monolith towering in front of a new world, full of possibilities
- D/NFT holders are the pioneers of our D/Bond space odyssey
